Dear Mr. Crow,

Thanks for your letter. I do appreciate it.

At least 75% of what I write was cut out of Case Open. In the part that was cut I went into Poner's fabrications taken from the work of Failure Analysis, which was also faulty, with the official evidence

Using his contrived prosecution case as a defense lawyer would have I used that official evidence to exculpate Oswald.

I first addressed Officer Baker in Whitewash.

I've been told that NEVER AGAIN! is not to appear in April.

Again thanks,

Sincerely
